About Us

The mission of the Boys’ Club of New York is to empower boys and young men by providing effective programs and a supportive community. BCNY accomplishes this by offering programs in music and arts, social and recreational activities, mentoring, academic support and athletics. We deliver enriching after-school programs to hundreds of boys each day at our three clubhouse locations in East Harlem, Flushing and the Lower East Side for just $5 a year. Any boy age 7-21 can join, regardless of zip code, school, immigration status or family income.
Impact

539 members participated in STEAM programming in our labs, including robotics, math and science challenges, environmental design & more.

91% of boys in R.E.A.D., the Boys’ Club’s early literacy intervention program, improved their reading ability by at least one level.

651 members received homework help and free one-on-one or small group tutoring in math, writing & English.

105 teens became BCNY coaches, mentors, counselors-in-training & interns through our teen training programs.

1,147 members participated in 18 art disciplines including music, photography, graphic design, painting, fashion design, drama, dance & more.
Alumni Spotlight

Matt Fenelon credits the Boys’ Club with most of the good in his life. He became a member when he was just seven years old. 13 years later, he is still here, now as dance instructor and group leader.

Matt learned to swim and play basketball at Harriman Clubhouse. He was taught art and photography, sparking his burgeoning career as a photographer. He participated in Project Coach, helping him realize his passion for teaching young people. He took advantage of college readiness classes. And he made life-long friends.

For Matt, being a member, an alumnus and a staff member aren’t enough. “When I have a son, he will be a Boys’ Club member. I want to make sure he will have the same opportunities I got at BCNY.”

81% of current members re-enrolled at BCNY, continuing their membership for at least four years... though the Boys’ Club is for life!
Member Spotlight

Jariel R. is a Boys' Club boy through and through. He takes the BCNY van from his middle school on 120th Street to the Gerry Clubhouse. He is there five days a week, until 7:30pm every night. He gets upset when his sister Jasmin picks him up early.

“His passion is being able to experience new things. From pick up to program to after program, he's a part of everything,” remarked Terrence Taylor, Gerry Clubhouse Youth Director.

Jariel plays basketball, soccer and baseball. He gets homework help and tutoring when needed. He learned to swim at BCNY. He loves music production, where he is writing and recording his own raps. He takes part in Youth Council and ping-pong is his favorite game room activity.

Terrence noted, “Jariel sees the opportunities that are in front of him and he makes the most of it. That's really all we want our young people to know, that you have options, you have choices, you can make change and you can really impact your life.”

1,014 members took part in physical education including flag football, basketball, soccer, baseball, track, biking, fitness, wrestling & martial arts.
High School Access

The New York City public high school admissions process is daunting, with more than one thousand public high schools plus charter, parochial and independent schools to choose from. New York City students are not automatically placed in a public high school. Every year, 80,000 eighth graders must apply to high school.

To help boys and their families through this formidable process, BCNY has created the High School Access (HSA) initiative. HSA aims to prepare members academically for high school and assist them in finding the most appropriate school for their academic goals.

Every HSA participant is supported by a team of BCNY staff who know his name, face, obstacles, achievements & high school aspirations.
### Financials

81 cents of every dollar raised goes back into Boys’ Club programming.
